EXHIBIT A

10. Many leading business owners who are affiliated with Team call me personally because they are scared of the deceitful interference by Quixtar in their personal business. They call asking us questions such as: "can Quixtar really do this to me and my business?"
11. I have had to cancel events, stop the sale of our leadership tickets and cancel BSM orders because of these communications from Quixtar.
12. We try our best to answer their questions and even have gone so far as to send out emails to our leaders to assist in clarifying some of their concerns. You can see those in Team Communications 6, 7 and 9. (See attached exhibit 2, 3 and 4).
13. One of our leading indicators is weekly sales of BSMs to our largest leaders. These orders have dropped significantly due to Quixtar's campaign against us.
14. The week before the Team affiliated IBOs filed their lawsuit, we had 120 orders. Quixtar immediately started harassing and intimidating business owners affiliated with us and we saw the orders drop to 53 the next week. This week, there are 37 orders.
15. This is a 69% drop in 4 weeks and it is coming from our largest business owners who we have worked with for years.
16. Our Customer Service Department has been hit with a deluge of product return phone calls since the communications from Quixtar began. We are getting all these requests because Quixtar is calling and emailing our customers telling them they can not buy or sell our BSMs and they can not attend our events.
17. Our customers have been calling wanting their money back for our products and tickets to future events they have previously purchased. Prior to this it was extremely rare for customers to return products.
18. Team does not and has never had a contract with Quixtar. We have contracts with top leaders and business owners who chose to be affiliated with Team.
19. These individual leaders and business owners also have contracts with Quixtar. Quixtar is misusing the contract they have with them to harm our business.
20. If Quixtar is allowed to continue disparaging Team to our customers, our business will be harmed beyond measure.

FURTHER AFFIANT SAYETH NOT.

Dated this 2nd day of September, 2007.
